

## Gourmet Chocolates Key

The following is a key to all the gourmet chocolates available for making the perfect box of chocolates. The images will have a label, show the types of chocolate (milk, dark, white chocolate) that each piece is available in, and showcase the signatures made on top of each chocolate to help in identification. All chocolates are handmade, making them susceptible to minor variation in appearance. No seasonal/temporary chocolates are listed on this key. If you have any questions don't hesitate to contact us, our contact info is on our website!
